Prayagraj, India

Profile Summary

A Computer Science and Engineering student with hands-on Full-Stack (MERN) experience and a strong foundation in Data Structures & Algorithms (solved 200+ problems) using Java. Experienced in building scalable applications, excelling in hackathons, and leading tech events to create innovative, impactful software solutions.

Education

Bachelor of Technology in Computer Science and Engineering

2022 – 2026

United University, Prayagraj

CGPA: 7.69/10 (3rd Year)

Intermediate (PCM) - CBSE

2021 – 2022

MGM KPS Bharwari

75.8%

High School - CBSE

2020 – 2021

MGM KPS Bharwari

70.6%

Internship & Training

Adivid Technologies

Feb 2025 – May 2025

Frontend Web Development Internship (Remote)

- Built a hotel booking Website from scratch with a seamless, responsive UI. [Live Demo]
- Implemented room, meal selection, user detail submission, and booking workflow.
- Tech stack: React.js, Redux, Tailwind CSS, Framer Motion, Material UI.

GeeksforGeeks

May 2025 – June 2025

Data Structures & Algorithms Training (Offline)

- Attended mentor-led sessions to strengthen problem-solving skills and core DSA concepts.
- Practiced 200+ coding problems to improve efficiency and coding proficiency.

Projects

CHAT WEB APP - MERN, WebSocket, JWT, bcrypt — Live Demo

Aug 2025

- Built a real-time chat web app to send and receive messages and images instantly.
- Integrated secure authentication using JWT and bcrypt for login/signup and user profile management.

FOOD-SITE - MERN, JWT, bcrypt

May 2025

- Developed a reels-style food delivery web app where users can watch food reels and place orders instantly.
- Integrated secure authentication, implemented cart management and order placement

COLLABVERSE - MERN Stack — Live Demo

Apr 2025

- Winner – HackDiwas Hackathon for Best UI/UX among 60+ participating teams, recognized for exceptional design.
- Built CollabVerse, a collaborative platform connecting creators and contributors to execute real-world projects efficiently.

Achievements

- Solved 200+ DSA problems across multiple platforms (LeetCode, GFG, HackerRank).
- Winner – HackDiwas Hackathon (Best UI/UX among 60+ teams).
- Top 10 – U-Hack 2.0 Hackathon at UCER, Prayagraj.
- 5 stars on Java (HackerRank).

Skills

- Languages: Java, SQL, HTML, CSS, JavaScript
- Frameworks/Libraries/Tools: React.js, Redux, Node.js, Express.js, Tailwind CSS, Bootstrap, Git, GitHub
- Databases: MongoDB, MySQL

Certifications

- AI Foundations – Oracle
- Java Programming – PW Skills
- Data Structures & Algorithms – GeeksforGeeks
- SQL – LetsUpgrade

Positions of Responsibility

- Student Co-Organizer — HackDiwas (Intra-college Hackathon).
- Team Lead — College Projects and Hackathons.
